

TP: Microservice et API: Exchange

▶ <https://www.exchangerate-api.com/>

The screenshot shows the homepage of the ExchangeRate-API website. At the top, there is a navigation bar with links for Product, Documentation, Plans, Status, Support, a prominent blue "Get Free Key" button, and Sign In. The main heading is "The Accurate & Reliable Exchange Rate API". Below it, three bullet points highlight features: "Currency conversion rates for 161 currencies.", "Over 10 years of exceptional uptime & support.", and "Perfect for SaaS, Dashboards & E-Commerce.". A subtext below states, "Tens of thousands of developers relax while our exchange rate API delivers forex rates, day-in, day-out!". At the bottom left is a form field for "Your Email Address" with a note "No credit card details required for Free plan!" and a "Get Free Key!" button. To the right is a stylized illustration of a person sitting at a desk with a laptop, surrounded by currency symbols (\$, €, £) and a potted plant.
